PATENT SERVICES FEE SCHEDULE (2026)

专利服务收费表(2026)

	<u>Items</u> 服务项目	<u>Official Fees (CNY)</u> 官费 (人民币)	<u>Service Fees for Foreign Clients (US\$)</u> 境外客户服务费 (美元)
1	Patents for Invention 发明专利		
1)	Filing a new application/a divisional application (including publication fee) 发明专利新申请/分案申请提交 (含公布费)	950	500-1000
2)	Entry into Chinese national Phase of a PCT application PCT 国际申请进入中国国家阶段	950	500-1000
3)	Draft fee for the invention specifications (including Claims, Description, and optional Drawings, etc.) 发明专利申请文件撰写费 (含权利要求书、说明书、附图等)	null	120-300/hour (≥16 hours)

Foreign entities can file applications for Chinese invention patents or utility model patents via two alternative channels: 1) filing a national application under the Paris Convention; 2) entering the Chinese national phase from an existing PCT international application.

外国主体可通过两种可选渠道申请中国发明专利、实用新型专利：1）依据《巴黎公约》提交国家申请；2）依托已有的 PCT 国际申请进入中国国家阶段。

If an applicant submits a new application covering technical solutions disclosed in a previously filed application while carrying a different set of claims, this new filing is defined as a divisional application. A divisional application retains the same filing date and full specification text as its parent application.

若申请人针对在先申请已披露的技术方案另行提交新申请，且新申请的权利要求书与在先申请不一致，该新申请属于分案申请。分案申请沿用母案的申请日与完整说明书文本。

We charge patent drafting fees based on the completeness and language of the technical documents provided by applicants:

If the client submits complete standard Chinese patent specifications, we will conduct professional revision and polishing, and no drafting fee will be charged;

If the client provides specifications written in any foreign language, we will translate the full document into Chinese (translation fees apply), and the drafting fee will be waived;

If the client only provides basic technical disclosure materials without finished patent specifications, our patent attorneys will draft the complete specifications from scratch, and

standard drafting fees will be charged accordingly.

本所根据申请人提交技术文件的完整程度与语种，分层收取专利撰写相关费用：
客户提供完整规范的中文专利说明书的，本所仅做专业修订优化，免收撰写费；
客户提供外文版本说明书的，本所完成全文中文翻译（收取翻译费），不额外收取撰写费；

客户仅提供基础技术交底材料、无成型专利说明书的，由本所专利律师从零起草完整说明书，按标准收取专利撰写费。

4)	Filing request for substantive examination 提交实质审查请求		
	when filing the new/divisional application or entrance of a PCT 新申请/分案/PCT 进入国阶段同步提交实质审查请求	2500	0-300
	after filing the new/divisional application or entrance of a PCT 申请提交后另行提交实质审查请求	2500	100-300

In China, substantive examination is a mandatory procedure for granting invention patents. Applicants must file a formal request for substantive examination on their own initiative. Without such a request, examiners will not carry out substantive examination, and the patent application cannot be authorized.

在中国，实质审查是发明专利获得授权的必经法定程序，申请人须主动提交实质审查请求。若未提交该请求，审查员不会启动实质审查，专利申请亦无法获得授权。

Applicants may submit the request for substantive examination together with the initial patent filing, or file it separately within three years calculated from the filing date of the application. For PCT applications entering the Chinese national phase, the three-year time limit shall be counted from the PCT international filing date.

申请人可在提交专利申请的同时提出实质审查请求，亦可在申请日起三年内单独提交该请求。针对进入中国国家阶段的 PCT 申请，上述三年期限自 PCT 国际申请日起计算。

5)	Filing request for re-examination 专利复审申请	1000	700-1000
----	--	-------------	-----------------

If the patent application receives an office action of rejection, the applicant may file a request for re-examination to contest the decision. Throughout the re-examination proceeding, the applicant is allowed to submit one or more responses addressing the rejection grounds to the patent authority. In addition, applicants are entitled to amend their patent application documents during the re-examination process.

若专利申请收到驳回决定，申请人可提出复审请求，对该驳回结论进行申辩。在复审程序中，申请人可向专利主管部门提交一次或多份针对驳回理由的答复文件。同时，申请人可在复审阶段对专利申请文件作出修改。

6)	Invalidation 专利无效宣告	3000	600-1000
	including oral examination 含口审代理		120-300/hour

There are two common scenarios for filing a patent invalidation request:

In patent infringement litigation, the defendant may file an invalidation petition against the patent in suit to exempt itself from infringement liability;

An enterprise may proactively initiate patent invalidation proceedings against a third party's patent, either to invalidate the patent entirely or to force the patentee to narrow the scope of patent protection, so as to eliminate potential infringement risks.

提起专利无效宣告主要分为两种常见情形：

专利侵权诉讼程序中，被告可针对涉案专利提交无效宣告请求，免除自身侵权责任；企业可主动针对第三方专利发起无效宣告，要么彻底宣告该专利权无效，要么迫使专利权人限缩专利保护范围，以此规避潜在的专利侵权风险。

In patent invalidation proceedings, the patent administrative authority will generally schedule an oral hearing, which functions similarly to a court trial.

在专利无效宣告程序中，专利行政主管部门通常会组织口头审理，其流程与法庭庭审类似。

7)	Issue fee (pay issue fee, forward Patent certificate) 授权登记手续服务费（代办缴费、转交证书）	null	80-300
8)	Annuities 年费 1st to 3rd year (per annum) 第 1-3 年（每年） 4 th to 6 th year(per annum) 第 4-6 年（每年） 7 th to 9 th year(per annum) 第 7-9 年（每年） 10 th to 12 th year(per annum) 第 10-12 年（每年） 13 th to 15 th year(per annum) 第 13-15 年（每年） 16 th to 20 th year(per annum) 第 16-20 年（每年）	900 1200 2000 4000 6000 8000	50-150 50-150 50-150 50-150 50-150 50-150
9)	Delayed payment of annuity within six months (per month)	5% Surcharge 加收 5%滞纳金	20-100

Once the patent application is allowed by examiners, the applicant shall complete the patent registration formalities to receive the patent certificate, after which the patent authority will issue the granted patent document. Subsequently, the patentee is obligated to pay annual fees (patent annuities) to maintain the validity of the patent right. 专利经审查员准予授权后，申请人须办理专利登记手续以领取专利证书，专利主管机关随后出具专利授权文本。在此之后，专利权人负有缴纳年费的义务，以此维持专利权持续有效。			
2	Patents for Utility Model/Design 实用新型/外观设计专利		
1)	Filing a new Utility Model or a divisional application 实用新型新申请/分案申请提交	500	300-700

In China, a utility model patent only covers technical solutions relating to a product's structure and/or shape, such as mechanical structures or circuit layouts. 在中国，实用新型专利仅保护涉及产品构造和 / 或形状的技术方案，例如机械结构、电路结构。 Design patent applications cannot enter China via the national phase of a PCT international application. 外观设计专利无法通过 PCT 国际申请途径进入中国国家阶段。 Neither utility model patents nor design patents are subject to substantive examination under China's patent system. 依据中国专利制度，实用新型专利与外观设计专利均不启动实质审查程序。

Pursuant to international treaties, if an applicant has filed a patent application in another Paris
